Subject: Electoral Boundary change proposal for ACT-opposed

UNCLASSIFIED

I am strongly opposed to the proposed changes to the inner north suburbs of Lyneham, O'Connor and Turner. These suburbs have the same heart, soul, feel, age, demographics and landscape as the rest of Molonglo, and are quite different in those respects to Gungahlin. The proposed changes would seem to have little regards to the distorted linking deep into Molonglo where linking should be on current adjoining suburbs to Gungahlin of the reasonably similar demographics. Is there a political interest in play here?
